SUMMARY OF HILL WOODWORKS

Established in 1981, Hill has 40 years of experience and expertise in the area of manufacturing custom counters and cabinets. Certified WBE/WOSB since 2020. Most of our products are solid surface or plastic laminate countertops and plastic laminate cabinets. Our customers include facility managers, project managers, contractors, government agencies and designers that want a quality cabinet or countertop, reasonably priced, and installed with skill and professionalism.

CAPABILITIES

Custom casework for medical facilities, banks, day care facilities, dealerships, entertainment parks, churches and others. Types of products:

Reception desks	Storage cabinets	Wardrobes
Nurse's stations	Tech stations	Cubbies
Benches	Upper/lower cabinets	Countertops
Mail slots		

All casework and countertops are manufactured in our facility and installed at customer locations or delivered for customer installation. We work with other subcontractors, to accommodate customer requirements, on products not manufactured by Hill.

EXPERTISE & EQUIPMENT

All staff have 15 or more years of expertise to accommodate customer requests. Estimates are provided quickly and accurately to meet your time requirements. Upon project approval, our project management will guide the process through our shop and out to site for installation.

Equipment to include:

- CNC machine – Precision cutting of material 5' x 12', up to 2" thick. Materials cut include plywood, solid wood, flakeboard, solid surface, MCP, MDF and plexiglass.
- Auto CAD / Microvellum – Software used to create custom designs, to customer specifications.
- Brandt Edge bander – Used to apply plastic laminate matching edge banding to cabinet doors.
- Table/Panel saws – Additional cutting ability.
- Box Trucks – Delivery of casework to site in covered vehicles
